114 S. Allen Road, Jarratt VA, 23867

Dear Mr. Warf:

Your VPDES permit is enclosed (paper copy of permit cover page via certified mail, permit and fact sheet via DEQ FTP File Share). As indicated in the fact sheet, the permit has changed; please read the permit carefully because you are responsible for meeting all permit conditions. A hard copy Discharge Monitoring Report (DMR) is not enclosed; however, an electronic DMR is available through e-DMR. Effluent monitoring to be reported on the DMR in accordance with this permit for the first monthly monitoring period, April 1 through April 30, 2013 is due May 10, 2013; for the first quarterly monitoring period, April 1 through June 30, 2013 is due July 10, 2013, for the first semi-annual monitoring period, July 1 through December 31, 2013 is due January 10, 2014. Groundwater monitoring to be reported in accordance with the permit for the first quarterly monitoring period, April 1 through June 30, 2013 is due July 10, 2013. Groundwater monitoring and WET testing reports are to be submitted separately from DMRs and are not to be uploaded as attachments via e-DMR. If you still have DMR data to report as required by the previous permit please submit it as an attachment to the first DMR required by this permit. Monitoring results on the DMRs should be reported to the same significant digits as are included in the permit for each parameter.
